Shawn O'Brien

President

QwickRate

As president of QwickRate, Shawn continues to enhance the delivery of non-brokered funding through QwickRate's CD Marketplace, while also bringing new offerings to its more than 3,000 institutional subscribers. These newer products and services set industry standards for providing time-saving performance and ease of use to financial institutions: QwickAnalytics® for bank research, analysis and regulatory reports; QwickBonds for online institutional bond trading; and proactive QwickSentry™ solutions for expert cybersecurity threat intelligence. Shawn currently serves on the board of directors of the National Bank of St. Anne, an Illinois community bank. He holds a B.A. in Business degree from the University of Notre Dame.

Joe Ehrhardt

Chairman/CEO

Teslar by 3E Software, Inc.

Joe is not only the CEO, but he also is the chief architect of software. Joe started his career as a Teller and worked his way up in banking until he started 3E Software to focus on helping FI's across the country

Colin Savells

National Account Executive

Teslar by 3E Software, Inc.

Colin is responsible for working with banks to implement new strategies and technology designed to increase efficiencies across their institution. He has successfully helped implement new technologies at community banks, Fortune 500 companies, and small businesses. When Colin isn't working, he is spending time exploring the Ozark mountains and rivers with his family.

Jace Day

EVP & Chief Client Operations Officer

Shazam

Jace leads SHAZAM's efforts to support our clients with efficient and responsive service, a true point of distinction for SHAZAM. His teams work with clients on day-to-day support calls to ensure their questions are answered and their operations run smoothly. He also oversees software and systems to deliver an integrated core solution, offering a full suite of powerful core services to community financial institutions.

Prior to joining SHAZAM, Jace served as president of a software company where he assembled a team who took the company from startup to fully operational, becoming a leading provider of online and voice banking solutions.

Alan L. Oatsvall, CBSM

Sales Engineer

Shazam

Alan has a unique background that combines more than a decade of retail banking experience with extensive technical knowledge of the payments industry. He's able to understand clients' business models and match SHAZAM's suite of products to help clients realize their bottom-line goals.

Alan is a certified banking security manager and graduate of the Bank Technology Management and Technology Security Schools. As a member of InfraGard, he participates in a public-private collaboration dedicated to securing the exchange of information.
